

To All,

As we head into this holiday weekend I wanted to remind everyone that the detour between Orr Rd. and Hemlock Rd. will remain in place until the culvert at Raucholz is replaced (July 2<sup>nd</sup>) Traffic will not be able to get through M-46 as the road is out at this location.

Next week's operations will include:

FULL DETOUR : Orr Rd to Hemlock Rd. Local Traffic ONLY. Road out at Raucholz  
Watson Rd to Hemlock: While within the full detour this area will be down to one lane during the day and 2 lanes at night for local traffic and businesses. Again Road out at Raucholz.

St. Marys Dr to Brennan Rd: Flagging operation starting Tuesday afternoon, short closure approx. 700'. Open to traffic at night.

Cornwall to McBride Rd: Flagging operations during the day. Open to traffic at night.

If something major changes I will update you all, and as always if you have any questions feel free to call me.

I know there has been adjusting during the detour this week, if there is anyone that you feel I need to include in this email let me know or please pass it on.

Thank you,

Eric M. Latz
